Genesee and Wyoming Industries Inc., has been in the rail transportation industry since the late 1800's through its railroad subsidiaries—Dansville and Mt. Morris Railroad, Genesee and Wyoming Railroad, Louisiana and Delta Railroad, and Rochester and Southern Railroad.

Alcohol Rehab Unit Gets State Approval

St. James Mercy Hospital in Hornell has announced that approval to establish a 20-bed Alcohol Rehabilitation Unit was received from the New York State Review and Planning Council.

This service was originally proposed in the HSA (Health System Agency) comprehensive plan for the Hornell area health service. The unit will be located at MercyCare in North Hornell.

Officials at the hospital said they appreciate the support given the project by other alcoholism treatment agencies including the Steuben County Alcoholism and Substance Abuse Service and the Steuben, Livingston, and Allegany County Councils on Alcoholism. Many other agencies and individuals were helpful in providing statistics and supportive information regarding the need for this inpatient alcoholism treatment center.

Consumer Spending

The American economy and the American consumer have changed dramatically over the past 20 years.

We have come to accept much higher levels of unemployment and consumer debt as normal. We are spending much more of our incomes on medical care, utility payments, and durable goods such as cars and furniture.

By contrast, we are spending less on food, clothing, and prescription drugs.
